

B.S.A. CYCLES LTD.

Service Sheet No. 68.

February, 1937.

MID SEASON CHANGE.

GEARBOX FIXING ON ALL 1937 "B" MODELS.

In order to provide increased support at the gearbox fixing lugs, large diameter washers are available for fitting outside each yoke plate.

It is recommended that wherever possible this modification be made upon 1937 B24, B25 and B26 350 c.c. O.H.V. Models.

The following parts are required to carry out modification:—

- | | | |
|----|---------------------------|--|
| 2. | Gearbox Connecting Bolts. | 27-5684. |
| 2. | " " Nuts. | EA82 (these are additional to those already fitted). |
| 4. | " " Washers. | 65-4189. |
| 4. | " " Spring Washers. | K51A. |
